The Federal Emergency Management Agency (FEMA) and the Northwest Florida Water Management District (NFWMD) are in the process of updating the Bay County Flood Insurance Study. We invite you to attend a **Flood Risk Open House** to learn more about the study and see if the identified flood risk changed at your property. This study may impact your flood insurance requirements and rates. Please attend either meeting and review your address for accuracy before the study is final.

A Secondary Option is available for those who are not able to attend the two scheduled Open Houses above. In-person virtual meetings are available by appointment only and can be reserved on the website, via the “Connect with Us” page of the Virtual Flood Risk Open House (link below). Appointments will be held between July 26th – July 30th, 2021. **Please reserve your appointment between July 19th – July 23rd, 2021.** Here is the link to schedule the virtual meeting:
