

TOWNHALL MEETING

Now that Leave No Trace has been around for a few weeks, the Council will be holding a Townhall Meeting at 6:00 pm on Wednesday, April 19th at the Civic Center. We need the input of the public to garner opinions whether or not parts of the ordinance needs to be changed. Maybe there is something missing that needs to be added or even taken out of the language. Maybe it needs to just stay the same. This is your ordinance, so your input is vital.
