

**KEEP IT NEAT!
PROTECT OUR
BEACHES, TURTLES, VISITORS**

**All items left unattended on the
beach are left at your own risk!**

Fill in all holes when you leave for the day - Holes create a hazard to children, turtles and visitors walking the beach at night, as well as city vehicles. Please fill in holes before leaving.

Keep items to a minimum and neatly contained so as not to impede daily beach cleaning and trash pickup
The City of Mexico Beach strives to keep the beach clean. The city workers must have room to make their sweep in the mornings to rake the beach and empty trash cans.

Do not stake tents near the surf - The wind and surf can be unpredictable and can quickly destroy tents as well as turn them into safety hazards.

No animals on the beach

No glass on the beach

Our Beaches are beautiful! Please help us keep them that way.

**Take all trash, broken tents and chairs with you when
you leave for the night.**

To report problems please call: 850-625-2782 or 850-625-4778
