

## Memorial Day Weekend 2018.

We have an approaching storm. Hopefully we won't have extreme weather, but there is a chance for a lot of rain. Our Public Works Department is working throughout the weekend doing the normal things like trash and beach cleanup. But they are also filling a few sandbags just in case the need arises. They will be around the canal from 6:00 am to 2:00 pm all days, so if you need some bags they can help. Limit of 10 bags for now.
