**PROJECT NAME:** US HWY 98 LANDSCAPE RESTORATION

---

Please note the following clarification regarding the above referenced project:

**Bidder Questions- 1. Please clarify if the contractor will have access to any hose bibs or quick couplers for the watering of all planting material. 2. Is there point of connection for us to use, and will there be a meter and backflow installed by others, or is that something we need to include in our proposal? Please advise.**

- Hydrant meters are available on a rental basis the from the City of Mexico Beach for the water supply source needed for the temporary irrigation system. The contractor will be responsible for the cost of the water used for irrigation, etc. and the bid price shall include the cost of water in the line item for TEMPORARY IRRIGATION. Any other equipment required for the temporary irrigation system such as backflow preventers, etc. will be the responsibility of the contractor and should also be included in the bid price.

**Bid Receival/Opening Date**

- The bid receival/opening was previously revised to January 28<sup>th</sup>, 2021. The bids will be received until 2:00 p.m. Central Time and they will be opened and read aloud immediately after.
