Utilities Department

July 9, 2020

To: All residents, Condo HOAs, and commercial customers from Sea Street to 8th Street along Oleander Ave

Reason: Temporary Road Closure and Construction along Oleander Ave

There will be temporary road closures in certain sections of Oleander Ave as utility and road work is being performed. Please use caution in this area. Please be patient with the utility work crew as we try to complete this project. This project is to install a new 4" water main, new water services, and pave the entire length of Oleander Ave. The work will begin at 8th Street and work eastward to Sea Street. If you have any questions or concerns, please call Thomas Wilson at 850-247-3001

Thank you as we rebuild Mexico Beach together.
